No. 123

March 2010

Youlgrave Village Hall 100 years old

This year marks the 100th anniversary of the building of our unusual and most versatile Village Hall.

Over the past century it has been used for a number of different purposes, including a boxing club and a cinema (long before today's cinema club was started). We are very interested to know what older villagers remember about how the Village Hall has been used over the years – please get in touch.

The trustees of the hall have planned to mark the centenary in a number of different ways. We have already gone online with our own website on which we can advertise forthcoming events – go to www.youlgravevillagehall.co.uk. We are also wondering about setting up a computing club. Maybe more of the older members of the community will be interested in having a go at computing (we know that some do already)?

On 26 March we are promoting a performance of the London Philharmonic Skiffle Orchestra,

under the auspices of 'Live and Local' (supported by Derbyshire County Councils and the Arts Council, amongst others). Their motto is 'Surprising Shows in Surprising Places'. The event involves a group of versatile musicians with a talent for comedy, as well. Tickets are on sale at Hollands butchers and by phoning the number below – see page 15 for more details. We hope that villagers will support and enjoy this event and encourage us to bid for more live performances through them in the future.

ATTIC SALE

Saturday 17 April

10am to 12 noon

To book a table please ring Judith on 636492. £6.00 per table. Also tombola and cake stall. Refreshments available. Proceeds for Village Hall funds. Anyone with any bric a brac etc that they wish to donate to the Village Hall stall can do so by ringing Harold on 636821 and he will collect.

Annual Parish Meeting

Tuesday 30 March, 7.15pm

Youlgrave Village Hall

All welcome

Energy audit for local public buildings

Sustainable Youlgrave is to commission specialist consultants to carry out energy surveys of seven community buildings in Middleton and Youlgrave, thanks to an award of £9,500 from the Peak District National Park's Sustainable Development Fund.

The buildings include the two parish churches, All Saints Primary School, Middleton Village Hall, Wesleyan Reform Chapel, Youlgrave Reading Room and Youlgrave Scout & Community Hall. The aim is to help identify ways in which the buildings can reduce their energy and water consumption, including the feasibility of using appropriate renewable energy resources.

"I'm delighted and very grateful that we have been awarded a grant from

the Sustainable Development Fund," said SY Committee Member Dave Sharpe who is managing the project. "This energy survey of public buildings in Youlgrave and Middleton is hopefully the first step towards making our community venues more energy efficient and cheaper to run. Introduction of the proposals from the survey will also reduce the village's overall carbon footprint."

The survey is planned to take place over Spring 2010. It is hoped that even simple measures such as better insulation and draft proofing will be able to help these important community-run venues save money and contribute towards a greener Youlgrave, as well as delivering a wider educational message about energy saving.

Youlgrave chosen for 2010 District Scout Parade

On Sunday 25 April, Youlgrave will host this year's District Scouts St George's Day Parade. We will be marching from the top car park at Coldwell End to the Church, where we will have a service (hopefully led by the new vicar, to be confirmed). The parade will be led by a band (probably Bakewell Band) and there will be a road closure from 2pm to 3.15pm all the way along Main Street and Church Street from the top car park to the church.

The District Scouts that will be parading will be from Tideswell, Bakewell, Pilsley, Hathersage, Bamford, Calver and Youlgrave. After the church service, there will be a BBQ and fun and games on the playing field, weather permitting.

Steve Marsh

Guides memorabilia sought

Do you have any memories or mementoes of your time in the Girl Guides – perhaps from many years ago? Youlgrave Guides are celebrating this year's Centenary of the movement with a project looking at how Guides has changed and its role and position in the community, and they are looking for old photos, uniforms, badges, etc. If you have any that we could view or carefully borrow please get in touch with me. Thanks.

Penny McCloy (tel 636125)

Granby House: the first 20 years

Some 25 years ago Kate Rowland, a long term resident of Youlgrave, said *"It is you, the younger generation, that must do something in the village for those who cannot be left alone in old age."* As a result in 1986 a group of then younger people got together to research the alternatives.

In 1987, by chance, we heard that Granby House would be coming on the market. At that time it was being used as a stocking factory. Although not perfect for conversion to residences for older people, it had a number of

advantages: it was of solid construction, on level ground or as near to it as you can get in Youlgrave, and large enough to accommodate eight people. The inside was in a poor state and most original features had gone from the rooms, although the hall still had the original terrazzo floor, staircase and stained glass windows.

A flurry of activity followed and a number of generous people in the village made interest-free loans to the fledgling society, allowing it to purchase the house at the very reasonable price that the Lichfield Brothers were prepared to accept. But that was only the beginning. To convert and extend the house, insulate, install a new heating system together with 11 bathrooms, rewire the whole house, decorate and furnish, together with the original purchase, total costs came to £280,000 – a huge sum to find.

Fundraising efforts

A pancake race though the village brought us to the attention of Telethon and an attempt at knitting the longest scarf (it was long enough to tie around

Granby House and have a big bow at the front) gave us a start with a grant of £40,000. Small fundraising events continued throughout the year and slowly added to the pot, but it was the applications to hundreds of charitable trusts that eventually paid off. One trust offered to pay to purchase and install a full passenger lift, another the fire alarm system and the emergency lighting. By early 1989 we were confident that we would raise the money and the building work started.

On 9 March 1990 the house was complete, a housekeeper had been employed and eight residents had moved in, only three years after the fundraising had begun. The Prince and Princess of Wales arrived on the playing fields by helicopter and walked across to Granby House to take tea with the residents and committee members. Shortly after they strolled to the school where the opening ceremony was held and to which all the people in the village who had given so generously both in time and money were invited.

Two decades later

Twenty years on the home continues to thrive. It is slowly being updated. The residents continue to enjoy independent lives, going out to join in the activities of the village. The housekeeper provides them with lunch and supper in the dining room and they meet for coffee and a chat at least once per day. They know that there is someone there if ever they need it. A popular whist drive takes place every fortnight and the community bus arrives each month to take them for an outing. Visitors pop in frequently and are made welcome.

What of the next 20 years? If Kate

Rowland were still with us she would be asking *"the younger generation"* to continue to support Granby House. The house is run by a committee of people from the village for the benefit of the older people. To keep it going we need new blood. If you are interested why not join us at 2.30pm on Saturday 13 March for our AGM and 20th anniversary party at Granby House. You would be most welcome.

Pat Cleaver

PANTO REVIEW: *Sleeping Beauty* wakes up in 2010

Once again, Pommy Pantomime has lit up the winter, as it does every year. Sixty people were involved in the production, including performers and musicians, supported by costumiers, backstage and front of house volunteers. They gave their all for the 12 performances, a terrific commitment especially by the 16 young boys and girls in the cast. Mick Partridge's dame proved with his/her comic performance that the 'show must go on', in spite of back-pain. (The same was true in another sense, as both cast and audience braved the snow and freezing temperatures to turn out.)

Jan Wilson wrote and directed the production and played the piano. Well done all! The costumes were fabulous

and inventive, as usual, particularly King Spider's eight-armed creation and an eye-catching and animated hat based on Chatsworth's Revelation fountain.

Two little quibbles – your humble reviewer would have preferred more of the funny potato scene ("weed!") and less repetition of the unfunny catchphrases.

Justin Thyme

In case anyone wondered, another Bugle reader has written in to explain that the name of the Bad Fairy – Carabosse – is from Tchaikovsky's 'The Sleeping Beauty' and traditionally represented the forces of evil.

Plant a meal for early buzzing bees

Bees and other pollinators fly on warm days throughout the whole year, so it's a great idea at this time – when they have used all their winter supplies – to provide them with nectar and pollen early on. The advantage to us, of course, is pretty flowers reminding us summer is only around the corner!

Snowdrops have finished. Bergenia, Helliborus/Christmas Rose are out now and this is the time to look at the bulbs we have and decide which to divide, renew, replant, replace and add to. For instance, Crocus, Grape hyacinth, iris danfordinae, Narcissus, Polyanthus, Saxifrage, Scilla and Winter aconite.

It's also time to plant greenhouse seeds for bee forage in months to

come: Cineraria, Cyclamen, Freesia, Hippeastrum, Mimosa and Primula. And on the allotment when we eat the last of the leeks, carrots, purple broccoli, Jerusalem artichokes and spinach, remember to leave a few to flower for the bees and seed for birds.

Have you room to plant a small tree or shrub to flower now? Try Camellia, Corylopsis, Flowering currant, Forsythia, Japonica, Lonicera, Magnolia, Mahonia and Spiraea.

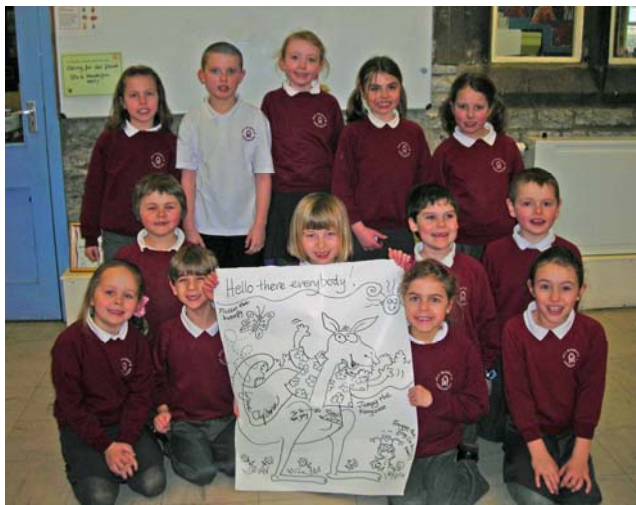

Then the last job this month is to place your plastic bottles, or grit, around your herbaceous, Delphiniums and Lupins to protect from slugs so you and the bees can enjoy the flowers through the summer.

Schoolchildren enjoy the 'Write Stuff'!

Youlgrave All Saints' CE Primary School Children have been involved in a Literacy Focus Week organised by Lady Manners School and Primary Headteachers. The week was entitled 'The Write Stuff' and involved all age groups. Children have been thrilled by visiting authors, amazed by talented illustrators and excited by an unforgettable performance by The 2 Steves. "We have had a great time with lots of laughs and giggles. Now we are ready to weave some wonderful tales ourselves".

The photo shows the work Year 3 children produced with the illustrator Lynn Chapman in Lady Manners School Library.

Rough Wood Hollow, Middleton – our most haunted place

Hush, none dare walk here... unless in two's
Where moonlight shadows fall,
Where th' haunted spectre drifts in shade,
Up to the Ivy'd wall
Rustling leaves, footsteps fall...
... and ... none to hear the call
of what here walks ...
No-one may say
Along our Haunted Dale.

Cavalier? or Spectre Nun?
(are those whom we have seen)
Ancient cloister? Monks' Walk-way?
Ancient trees... now felled and gone,
Ruined mill and 'Castle' here
No evidence of such ...except old stones, ivy and moss
And present tales...

Of what was seen and what was felt
And fleeing footsteps near
Headless man? Owls shriek all along the Blackened Dale,
Rough-Wood hollow inspires fear
through centuries gone and past,
murdered pedlar, jewish harp,
Secret ancient shafts,
'Old Man' mining here still

Adds to all the tales...
Why none shall walk... unless in two's
Along our Haunted Dale.

Scout Hall Spring Fayre
Saturday 20 March
10am-12 noon

In 1822, whilst lowering the hill into Lomberdale, dividing the townships of Middleton and Youlgrave, a human skeleton was discovered lying east-west across the road two feet down in an ancient rake or vein. The body had been thrust in feet foremost. The skull was sound and bones in good state of preservation. The thighbone measured 19 1/2in. in length.

The following articles were with the bones in a chink of rock: knifeblade, carpenters socket chisel, half a shoe of a draught ox, jew's harp without tongue and a small bent cart nail.

It was concluded that the 'pedlar' had been murdered. Tradition does not recount such a murder but music or strange noises are heard and this part of the road is haunted. The bones were reinterred.

In October, 1824 the Middleton Blacksmith and two neighbours returning from a meeting in Youlgrave at 9 o'clock at night were terrified by the apparition of a white dog in Lomberdale Hollow where the skeleton was buried.

(From Annals of Middleton by Youlgrave by Wm. Bateman Esq. FSA)

Safeguarding and restoring local well taps

FAWLTY in Youlgrave? Don't worry, Basil's not going to open a hotel here! It's an acronym for 'Fountain and Well Taps Youlgrave' – a new project which plans to restore many of the ten or so 'tap spots' around Youlgrave and Middleton. Before the coming of piped water to each house the taps were where Youlgrave folk got their fresh water. These days some of them are still important as well-dressing sites. So they are a vital part of the history of our village. If your family has

lived in Youlgrave a long time you may be able to remember the taps being in use. You may even have a photograph of granny filling her pail from the tap.

Youlgrave Waterworks is very keen to see the taps preserved and now a possible source of funding has been found. Peak District Rural Action Zone, funded by the EU, has encouraged us to apply.

The tap on Main Street, just along from the junction with Holywell Lane, is among the best preserved in the village.

The Fountain or Conduit Head before the railings.

The tap spot stonework would be repaired and a new tap and drain grill installed where necessary. The Fountain would be restored with a new tap, which might even have a real fountain circulating water, thus creating a new and attractive feature in the middle of the village. It is a Scheduled Monument (confirmed as a Grade II listed building) so we are consulting the Peak Park about its restoration. We would also provide interpretation boards, probably at the Reading Room, where there is a tap-spot in the end wall, telling the story of Youlgrave's water supply and encouraging people to walk the village to find the other taps.

If you do have a picture of granny filling her bucket, or any old photo of the tap-spots or stories about them, we would love to see them. Please get in touch with the editor at the address on the inside back page.

*David Frederickson
Chair, Youlgrave Village Plan Group*

February – the first foray for WI

Our first meeting of the year was a busy one with a number of new people turning up to see the WI in action and hear about all our new activities and events planned for the year.

We had an excellent talk on dolphins by local speaker Robert Alan-Howe, with some amazing pictures and anecdotes about his experience with dolphins. Each week we will have a short talk on a WI story and this week was about how the WI began. It was the idea of a woman who had lost her child and felt she could have done something to help her child if she knew more about health issues.

The WI was set up to educate women and get women helping each other and talking (I am sure the men reading this think we need no encouragement on this!) which is why we are trying to put on new activities and events to get more women involved in our group. In fact, we had our first 'Knit and Knatter' evening in response to so many new and younger people asking about craft activities and the group were knitting and 'knattering' until 10.30pm!

There have been other changes to the WI for 2010. We have new committee roles for events and new

members so we can organise a more varied programme of events and activities to attract a wider interest in our group and hopefully allow potential new members the opportunity to know exactly what WI can do for them and what we have planned for the year. Currently the programme includes a cookery demonstration at our next meeting on 9 March, a talk on lavender in June and a craft evening of mosaics in September – amongst many others!

We are planning more trips for the year ahead. We are organising a trip to a county WI event for a St George's Day feast and have a trip to Tissington booked for 10 June from 5.30pm. We are also planning a 'make your own Bakewell pudding' event, pottery painting evening and a theatre trip.

If this had wetted your appetite to know more about the WI and what's going on then why not come along to our next meeting on Tuesday 9 March in the village hall to find out more? If you are a new visitor, your first meeting is FREE! We look forward to welcoming you to WI.

Youlgrave Cinema presents **The Band's Visit** (cert 12A)

Friday 12 March, 7.30pm
Youlgrave Village Hall

A fading Egyptian police band arrives in Israel to play at the Arab Cultural Centre. When they take the wrong bus, the band members find themselves in a desolate Israeli new town. With no other option than to spend the time with the locals, the two different cultures discover the universal bonds of love, music and life. This witty, sharply observed cross cultural comedy proves that getting lost is the best way to find yourself! It's a touching film about what makes us similar as humans.

The film is open to members of Youlgrave Cinema and their guests. For more details contact Pat on 636836 or Jenny on 636655; and to order guest tickets (£5) call Bridget on 636611.

The **London Philharmonic Skiffle Orchestra** are four talented musicians – who make music while dressing up in silly costumes and having a great deal of fun. They use a host of different instruments – everything from the violin, double bass, mandolin and bagpipes to a washboard, a suitcase and a rubber duck! The costume changes are equally eccentric – from sombreros, huge bow ties to monster slippers and kilts - their wacky humour is legendary! They follow in the tradition of Spike Jones and The Nitwits, but to LPSO skiffle means "anything goes", so long as it's musical, entertaining and fun! So come along to the Village Hall on Friday 26 March for a hugely entertaining family night out (suitable for children 12+).

Big chance for the Scout Hall

Youlgrave Playschool Committee, with support from members of the Scout & Community Hall Committee, have worked hard over the last month to put in a bid for £20,000 to fund an extension of the building.

The Government is making funding available through county councils to significantly enhance 'Early Years' provision. It is designed to make lasting changes to the physical environments of early learning and childcare settings. We feel that our planned extension, that will provide clean, dry, accessible storage space for all equipment and furniture, just fits the bill.

Architects' plans, quotes, planning permission, constitution and bank information all formed part of the bid, as well as statements from staff explaining the need and proof that it was worthy,

and supporting statements from other user groups of the hall.

Applying for such grants is never as easy as one might hope. In the mean time, we're holding a Spring Fayre to raise funds for our contribution towards the project. Please support us on Saturday 20 March, 10am-12 noon. And keep your fingers crossed!

Anne Croasdell

Fictitious story of the month

A new vicar was visiting the homes of his parishioners. At one house it seemed obvious that someone was at home, but there was no answer to his repeated knocks at the door. So he took out a business card and wrote 'Revelation 3:20' on the back of it and posted it through the letter box.

When the offering was processed the following Sunday, he found that his card had been returned. Added to it was this cryptic message, 'Genesis 3:10.'

Reaching for his Bible to check the citation, he broke up in gales of laughter.

Revelation 3:20 begins 'Behold, I stand at the door and knock.' Genesis 3:10 reads 'I heard your voice in the garden and I was afraid for I was naked, so I hid.'
